

We brought skinned
a little stone and some
dishes (the whole thing only
cost 4). Some potatoes, two-
miles just exactly like
what is made here and brought
for 60.

Tuesday -
I am so sorry. This day I
got finished and mailed
yesterday. Probably now
you won't get it until next
week.

Don't think I have told
you yet about the people
who help us. Together
we pay for our different

4 - and many
kind in the past. They
bring in the money
for my work. I will stop at 200 on 1.8
people live around and take gold
the house of them. I live in the old house
a week per family. Barbara gives
coffee and wine and ~~the~~ the people
to drink. Her husband is in America
and she wants to leave enough money to
go to Barbara's home. Barbara lives
in the end of the house. Maria lives
in the middle. I live in the house of the four
and Barbara takes care of the four
children. When we have dinner and
eat the dinner, I like. We pay
them for the food. I like to see them. One
they go and I get the house. One
of the girls was working for about
thirty cents a day, working in a
room. One day, all day. They
are all Christians and good to the
children. It is very hard to see much
the money. We do not have with
at night. The people are
a very good people. We expect to be
there until next September, if
everything continues to go well.
